July 13, 2020

Dear Madison County families and businesses,

I am writing to introduce myself, tell you about our local solar development, and to share with you a bit about ACCIONA. We have built and we operate more than 10,000 MW of renewable energy around the globe. In the United States, we own and operate about 1,000 MW of renewables. Our corporate headquarters is in Chicago, but our teams live across the nation in Nevada, the Dakotas, Texas, Oklahoma, Iowa, and Illinois. Our hope is that soon we will have a new address in Madison County.

I am proud to work for ACCIONA because we design every project to have a positive impact on the community where it is located. When ACCIONA builds a project, we are in it for the long haul. We are in it to bring benefits to community, the economy and the environment. Our project company, AEUG Madison Solar, LLC, is engineering the project in Madison County to operate for more than 30 years.

Over the life of the project, we will get to know each other very well. I am excited to learn more about your community. For example, I hope to participate in Berea's Spoonbread Festival and I can't wait to try Richmond's restaurants. Mostly, I look forward to meeting many of you and learning about your community's rich history.

Some things I want to share about our project: We anticipate more than 200 jobs will be created during peak construction of the project. Where possible, we like to hire local contractors for work on our projects. Once operational, my team will be hiring a team of five technicians to work on the site. To fill those jobs, we'll be looking for local residents who have a desire and commitment to the work and to the environment. Of course, we'll also be part of the local economy, working with local businesses to maintain our vehicles, help with landscaping, and feed our team and guests.

Our project will pay local taxes, which will go to the county to support local schools, first responders and roadways. Our projects also include a commitment to support local education and environmental and wellness efforts. We hope to have a lot more to share about that in the coming months.

I thank you for taking the time to learn a bit more about us. If you have any questions, I invite you to email my team at MadisonCountySolar@accionna.com. If you want to learn about ACCIONA, I invite you to visit our website at www.accionna.com.

All my best,

Rafael Esteban
