The General Meeting may only delegate its powers to the Board of Directors in the cases established by the law and in these Articles of Association. The General Meeting may also empower the Board of Directors, in each specific instance, to determine whether or not the conditions to which the General Meeting has subjected the enforceability of a given resolution have been met.

Section 2 – Organization and functioning of the General Meeting

Article 12.- Types of General Meetings

1. The General Meeting is the duly quorate assembly of a sufficient number of shareholders of the Company. General Meetings may be ordinary or extraordinary.
2. An Ordinary General Meeting must be held necessarily within the first six months of each calendar year, in order to grant discharge, approve the financial statements, and decide on the application of income, notwithstanding its power to deliberate and resolve on any other matter on the agenda.
3. Any Meeting other than that described in the preceding paragraph will be deemed to be an Extraordinary General Meeting.
4. General Meetings will be governed by the law, the Articles of Association and a specific regulation which may contemplate all matters pertaining to the General Meeting. The regulation will be reported to the National Securities Market Commission and will be registered in the Commercial Registry.

Article 13.-Power to call General Meetings

1. The Board of Directors may call both ordinary and extraordinary General Meetings.
2. The Board of Directors must call a General Meeting when:
 - a) Requested by shareholders who own at least three per cent (3%) of share capital. Any such request must indicate the items of business to be transacted at the Meeting. A General Meeting must also be called to be held within the two months following the date on which the directors receive a request, via notarial channels, to call the meeting, in which case the Agenda must of necessity include the items of business to which the request referred.

b) A tender offer for shares of the Company has been made which has not received a favourable report from the Board of Directors.

3. If the Ordinary General Meeting has not been called within the legal term, it can be called, at the request of any shareholder, by the **Court Secretary or Mercantile Registrar** corresponding to the Company's registered office, after first giving the directors the opportunity to state their case.

An Extraordinary General Meeting must be called whenever so requested by the number of shareholders referred to in section 13.2.a) above, or pursuant to section 13.2.b).

Article 14.- Announcement of the General Meeting

1. The General Meeting, whether ordinary or extraordinary, must be called by means of an announcement published at least one month before the scheduled date. The announcement must be disseminated using at least the following media:

a) the Official Bulletin of the Mercantile Register, or one of the daily newspapers with the largest circulation in Spain.

b) the website of the National Securities Market Commission (CNMV) website, and

c) the Company's website.

2. The announcement must state the date of the meeting at first call and all of the items of business to be transacted, as well as any other information required by law. The notice of meeting may indicate the date of the Meeting at second call, as appropriate. There must be at least twenty-four hours between the first and second call dates.

3. For Ordinary General Meetings and any others provided for by law, the announcement must further include the mandatory disclosures about the right to examine at the registered office of the Company, to consult on the Company website and to obtain, immediately and free of charge, the documents that must be submitted for approval at the meeting and any report(s) required by law.

4. If the General Meeting is called to decide on any issue that requires a higher quorum in accordance with these Articles of Association, the notice must state which items require the higher quorum for deliberation and voting.

5. The announcement must be signed by a person with the power to certify Board of Directors' resolutions.

6. Shareholders representing at least three per cent (3%) of share capital can request the publication of a supplement to the notice of an Ordinary General Meeting such as to add one or more items of business, provided that the new items of business are accompanied by a justification or a reasoned motion, as appropriate.

The shareholders who wish to exercise that right must send such supplement by certifiable means and it must be received at the Company's registered offices within five days from publication of the notice of meeting.

The supplement to the meeting notice must be published at least fifteen days prior to the scheduled date of the General Meeting.

Failure to publish the supplement to the notice within the legally provided term constitutes a cause for challenging the General Meeting.

Shareholders representing at least three per cent (3%) of share capital, can, within the same term

provided for in paragraph 2 of this section, submit reasoned motions concerning the items of business already included on, or which ought to be on, the Agenda of the meeting that has been called. The motions presented and any accompanying documentation will also be published on the Company's website in accordance with the law.

7. When the Company offers the shareholders the effective option of voting via electronic means available to all shareholders, Extraordinary General Meetings may be called with advance notice of at least 15 days. The reduction in the deadline for the notice of meeting will require express adoption by the Ordinary General Meeting by at least two-thirds of subscribed capital with voting rights, and will be valid only until the date of the next meeting.

8. The provisions of this article will be null and void if a legal provision imposes other requirements for General Meetings that transact specific matters, in which case the specific provisions must be observed.

Article 15.- Right to information

1. As of the day of publication of the notice of a General Meeting and up to the fifth day before the scheduled date of the meeting at first call, shareholders can request, in writing, information or clarifications that they deem necessary, or can ask any questions they deem appropriate, about the items of business on the Agenda and about information available to the general public that has been provided by the Company to National Securities Market Commission (CNMV) since the last General Meeting, and about the auditor's report.

2. During the course of a General Meeting, shareholders can verbally request the reports or clarifications that they deem appropriate about the items of business on the Agenda.

3. The Directors must supply the requested information, except where it is unnecessary to safeguard the shareholder's rights or there are objective reasons to believe it may be used for purposes unrelated to the Company or that its disclosure might be detrimental to the Company or to related companies. If the request is supported by shareholders representing at least one-quarter of share capital, the information may not be withheld.

4. The information requested pursuant to the first paragraph will be provided in writing up until the day of the General Meeting. That which is requested at the General Meeting will be provided during the course of same or, where it proves impossible for the directors to honour the shareholder's right at that moment in time, it will be provided in writing within seven days from the end of the General Meeting.

Valid requests for information and clarifications, and questions made in writing and the answers given in writing by the directors, will be posted on the Company's website.

5. The company will have a corporate website, the address of which is www.acciona.es, where it will post and make available to shareholders and investors the relevant documents and information required by law at any given time.

The Board of Directors can resolve to amend, remove or transfer the website under the terms established by law.

Article 16.- Universal Meeting

1. The General Meeting will be valid to deliberate on any matter, with no need for prior notice convening it, provided that all the share capital is present or represented thereat and those present agree unanimously to hold the meeting and accept the agenda.

2. Universal Meetings may be held at any place in national territory or abroad.

Article 17.- Quorum of the General Meeting

1. The General Meeting, whether ordinary or extraordinary, will be deemed quorate at first call when the shareholders present or represented by proxy own at least twenty-five per cent (25%) of the subscribed voting capital. At second call, the Meeting will be quorate regardless of the percentage of capital in attendance.

2. Notwithstanding the above:

(i) The General Meeting requires a quorum of sixty-seven per cent (67%) of subscribed voting capital at first call, or sixty-two per cent (62%) at second call, in order to decide on any of the following matters:

a) Amendments to the Articles of Association, apart from the change of registered office, capital increases, broadening of the corporate purpose, and capital reductions, where required by law.

b) Change of corporate form, merger, demerger, liquidation or dissolution of the Company, except in the event that the dissolution is obligatory in accordance with the law.

(ii) With regard to a change in registered office, capital increase, broadening of the corporate purpose, overriding or limiting the pre-emptive subscription right, issuance of debentures or bonds, when the General Meeting is empowered to do so, the issuance of warrants or options (alone or linked to debentures) and of preference shares, and a capital reduction, where required by law, the General Meeting will be quorate at first call when sixty-seven per cent (67%) of the subscribed voting capital is in attendance and, at second call, when fifty per cent (50%) of the subscribed voting capital is in attendance.

The same percentages as are established in the preceding paragraph will apply when, in the cases of a capital increase or the issuance of debentures, bonds, warrants or preference shares, the General Meeting grants authorisation to or delegates the power to pass such resolutions to the Board of Directors.

3. If the quorum reached is sufficient to decide on certain items on the Agenda but not on others, the General Meeting will deliberate and resolve solely on those matters for which there is a sufficient quorum.

4. Any absences that arise once the General Meeting has been declared quorate will not affect the quorum.

Article 18.- Right to attend and forms of holding the General Meeting

1. All those shareholders whose shares are recorded in the corresponding share bookkeeping in accordance with the Securities Market legislation and any other applicable provisions, sufficiently in advance of the General Meeting, will be entitled to attend the General Meeting. There is no minimum number of shares required to attend the General Meeting.

2. The terms of the foregoing paragraph notwithstanding, with regard to the right of attendance, shareholders will have to obtain the corresponding Meeting Entry Docket, stating the number of shares they own, as well as the number of votes they can issue.

3. The Meeting Entry Docket will be issued by the Company in favour of shareholders entitled to attend the Meeting upon presentation to the Company or Entities it designates, of the corresponding certificate of entitlement issued in their favour by the Entity or Body responsible for the share bookkeeping where the shares are recorded, confirming that the shares are recorded in the shareholder's name sufficiently in advance as described in point 1 above.

4. The Board of Directors can authorise replacement of the Docket by equivalent documents issued by other entities.

5. The General Meeting can be held in the following forms: physical attendance only, physical attendance with the possibility of attendance via electronic means or via electronic means only.

6. When the Board of Directors resolves to hold a Meeting with physical attendance with the possibility of attendance via electronic means, this possibility will be envisaged in the announcement of the Meeting, shareholders entitled to attend the General Meeting may do so remotely, via electronic means and simultaneously, in a manner in which they are recognised and identified, and issue their remote vote electronically while the Meeting is being held subject to the requirements envisaged in the General Meeting Regulations.

Provided the law does not stipulate otherwise and if the Board of Directors so decides, the General Meeting of Shareholders can also be held via electronic means only, without the physical attendance of shareholders or representatives, in which case it will be considered to have been held at the registered office and a Notary Public will take the minutes. Moreover, the Board of Directors will establish the procedure for exercising shareholder rights in this way in the Announcement, adapted to the particular characteristics derived from the nature of the same. In any event, the provisions of the law will be observed at all times.

Article 19.- Representation at General Meetings

1. All shareholders entitled to attend meetings may be represented at General Meetings by another person or persons, whether or not they are shareholders, in respect of all his or her shares or each of the representatives in respect of a part thereof.

2. Representation will be conferred on a special basis for each General Meeting, either in writing and signed and send by post, e-mail or another remote means of communication recognised by the Company in accordance with the provisions of article 25 below for remote voting.

3. Special representation is not required for each Meeting in the case of a representative who can prove that he or she is the spouse, an ascendant or descendant of the represented shareholder, or in the case of the holder of a general power of attorney granted in a public document with faculties to administer all the represented shareholder's property in national territory.

Proof of such circumstances shall be provided by submitting documentation attesting sufficiently to the family relationship or by showing the public document.

4. Representation is always revocable. If the principal attends the Meeting in person, whether physically or via electronic means, this implies the revocation of the representation. The shareholder's vote will take precedence over the delegation and, therefore, the delegations issued previously will be considered revoked and those conferred subsequently will be considered cancelled.

5. The Board of Directors may require, in the notice convening the General Meeting, that any delegations of representation of shareholders referred to in section 2 of this article be communicated to the Company by the fifth day prior to the date set for the General Meeting on first call, indicating the representative's name.

Article 20.- Public Solicitation Proxies

1. A public solicitation proxy shall be understood as having taken place whenever the same person, be he or she a director of the Company, depositary entity or any third party, represents over three shareholders.

2. Any such proxy must contain, or have attached, the Agenda of the meeting as well as the request for instructions to exercise the right to vote and the way in which the proxy shall vote in the event of not having been issued with precise instructions.

The proxy can also contain the request for instructions and the indications which, either explicitly or tacitly, the representative must follow as regards other decisions that are not included in the Agenda, and which may be decided on in accordance with the rights of the General Meeting.

In the absence of any explicit or vicarious voting instructions, either because these have not been stipulated in the corresponding document, or because the General Meeting is going to decide on questions that do not legally have to be included in the Agenda, or have not been provided for in the proxy, the representative must vote in the manner he or she feels to most benefit his or her represented party's interests.

Although having received voting instructions, the representative party can vote in another way if circumstances arise that were unknown on sending the instructions, thus running the risk of damaging the represented party's interests.

3. Whoever represents shareholders by virtue of a public solicitation proxy cannot exercise the right to vote corresponding to the shares represented with respect to those items on the Agenda, or where appropriate, that do not figure in the Agenda but which are dealt with at the meeting in accordance with the law, in which the representative enters into a conflict of interests according to the law, unless he or she has received specific instructions from the represented party for each one of said items and without prejudice to the obligation to inform the represented shareholder of such a conflict of interests.

Article 21.-Venue and time for holding the General Meeting. Extension of meetings

1. The General Meeting will be held in the municipal district in which the Company is domiciled or in the municipal district of Madrid, with the Board of Directors, when calling each meeting, deciding the venue at which the meeting is to be held, within the parameters indicated. If the announcement does not state the venue of the meeting, it will be understood that the Meeting will be held at the registered address.

2. The General Meeting may resolve to extend the duration of the same for one or more consecutive days, acting on a proposal of the Board of Directors or a number of shareholders representing at least a quarter of the share capital in attendance. Regardless of the number of sessions making up the Meeting, it will be considered a single Meeting, with just one set of minutes being taken for all the sessions.

Article 22.- Panel of the General Meeting

1. General Meetings will be chaired by the Chairman of the Board of Directors or, if he is not present in person, by the Vice-Chairman of the Board. If several Vice-Chairmen are present at the meeting, it will be chaired by the corresponding person on the basis of priority of number.

2. If neither the Chairman nor any of the Vice-Chairmen are present, the General Meeting will be chaired by the shareholder present at the meeting who is the holder of the largest number of shares with voting rights.

3. The Chairman of the General Meeting will be assisted by the Secretary. The Secretary of the General Meeting will be the Secretary of the Board of Directors or, if he is not present in person, the Vice-Secretary. In the absence thereof, the person designated in each case by the Chairman of the General Meeting shall act as Secretary.

4. If the presence of a Notary Public has been demanded, the said Notary Public shall be deemed to be a member of the panel of the General Meeting.

Article 23.- List of those present

1. Before starting to deliberate on the Agenda, a list of those present shall be drawn up by the Secretary of the General Meeting, indicating the name of the shareholders present and the name of the shareholders represented and their representatives, as well as the number of shares in each case.
2. At the end of the list the number of shareholders present or representative will be determined, as well as the amount of the share capital held by them, specifying what corresponds to shareholders with voting rights.
3. The Chairman of the General Meeting may establish that the Secretary is to be assisted by two or more scrutineers in order to draw up the list of those present. The designation of the scrutineers lies with the Chairman.
4. If the list of those present does not appear at the start of the Minutes of the General Meeting, it will be attached thereto in an appendix signed by the Secretary, with the Chairman's approval, notwithstanding the provisions of article 98.2 of the Commercial Registry Regulations.
5. The Chairman of the Meeting is empowered to determine the validity of the representation of the shareholders and to impose the suspension of the voting rights of those shareholders who have that status in breach of the legislation regulating public offers for the acquisition of shares.

Article 24.- Form of deliberation of General Meetings

1. Once the list of those present has been drawn up, the Chairman will declare the General Meeting to be valid, if appropriate, specifying whether the Meeting has sufficient quorum to deliberate on all the matters included in the agenda or, otherwise, which matters the General Meeting may deliberate and resolve on, indicating the order in which such matters have to be discussed.
2. The Chairman will submit the items included in the agenda to deliberation.
3. The Chairman of the General Meeting is responsible for granting or refusing the opportunity to address the meeting, establishing the order of the interventions and limiting at any time the maximum duration of each one, as well as for maintaining the general order of the meeting.
4. The Chairman may suspend the Meeting if the circumstances so advise.
5. Once the Chairman considers that a matter has been sufficiently debated, he will submit it to the vote.
6. The Chairman may authorize the attendance at the General Meeting of any person he considers appropriate.

Article 25.- Remote voting

1. Shareholders with the right to attend and vote at General Meetings may cast their vote on the proposals relating to the items on the agenda by post or e-mail. They may also use for this purpose other remote means of communication when the Regulations on the General Meeting or on the Board of Directors, in accordance with the rules established therein, so permit.
2. Postal votes will be cast by sending to the Company in accordance with article 18 above the Attendance Card, duly signed and completed for that purpose, or other written document (such as the General Meeting attendance cards issued by the security deposit entities) which the Board of Director decides to consider as Attendance Card for which purpose it shall be a requisite that such documents adequately guarantee the identity of the shareholder exercising his or her right to vote.
3. Votes by e-mail will be cast under recognized electronic signature or other identification system recognized by the Company from time to time.

4. The means and procedures for remote voting shall guarantee sufficiently the identity of the shareholder exercising the right to vote, his or her status as a lawful shareholder entitled to vote and the authenticity of the communication in which the content of his or her vote is expressed.

5. In order to be valid, votes cast through remote means of communication must be received by the Company by the fifth day prior to the date on which the General Meeting is to be held on first call. The Board of Directors may reduce this term in the resolution convening the General Meeting in question, giving it the same publicity as is given to the notice convening the meeting.

6. Shareholders entitled to attend General Meetings who cast their votes remotely in accordance with the provisions of this article shall be considered present at the General Meeting and shall be counted as such for the purposes of determining whether the General Meeting has a quorum. If they had formalized a delegation of their representation, it shall be deemed void.

7. Votes cast using remote communication means shall be rendered null and void by the personal attendance at the General Meeting of the shareholder casting the vote.

8. The Board of Directors is empowered to establish the rules and means and procedures in accordance with the state of technology to instrument remote voting, complying, as the case may be, with any legal regulations that elaborate on this system. The rules, means and procedures will be published on the Company's website.

Article 26.- Form of passing resolutions

1. Each item of the Agenda will be put to the vote separately, in the manner decided by the Chairperson, by either roll call vote or secret ballot.

2. In any case, even if they are on the same item of the agenda, topics which are substantially independent will be voted on separately, specifically proposals concerning the appointment, ratification, re-appointment or removal of each director and, in the case of modifications to these Articles of Association, each article or group of articles that are substantially independent, for example, a chapter dealing with homogeneous matter, or a set of articles regulating the same matter or several interdependent provisions will be voted on separately.

3. The Chairman of the Meeting is responsible for ordering the voting procedure and its form, and may be assisted for that purpose by two or more scrutineers freely designated by him.

Article 27.- Adoption of resolutions

1. Every share has one vote.

2. Resolutions will be passed by ordinary majority of the votes corresponding to the shares with voting rights present or represented, and will be deemed to have been adopted when more votes of the capital present or represented when the General Meeting is declared quorate are in favour than against.

For the valid adoption of the motions referred to in article 17.2 of these Articles of Association, the motion must be adopted by absolute majority of the voting rights in attendance, whether present or by proxy.

Shareholders may not exercise the right to vote corresponding to their shares in the case of a motion that frees them from an obligation or grants them a right, provides them with any type of financial assistance, including the provision of guarantees in their favour, or that, in the case of directors, dispenses with the obligations arising from their duty of loyalty or otherwise as provided by law. When the General Meeting is asked to decide on a related-party transaction, the affected shareholder is deprived of his/her right to vote,

except in those cases in which the proposed resolution has been approved by the Board of Directors without the majority of independent directors voting against.

The shares of a shareholder in any of the conflicts of interest detailed in the paragraph above will be deducted from the share capital to calculate the majority of votes required in each case.

3. Once a matter has been put to the vote, the Chairperson will announce the result, declaring that the resolution has been validly passed, if that is the case.

Article 28.- Minutes and certificates

1. The minutes of the General Meeting will be drawn up by the Secretary, and will be approved by the Meeting upon conclusion or, within fifteen days, by the Chairman and two meeting officers, one representing the majority and the other representing the minority, as decided by the Chairman in light of the manner in which business was transacted. Once approved, the Minutes will be signed by the Secretary and countersigned by the Chairman. All the foregoing is notwithstanding the provisions of current regulations in the event that a notary public is engaged to attend and minute the General Meeting and whose intervention will be necessary in the event the Meeting is held via electronic means only.

2. The Secretary of the Company or, as the case may, be the Vice-Secretary, will issue certificates of the resolutions passed by the General Meeting. Any shareholder or their proxy at a General Meeting is entitled to request a certificate of the resolutions passed.

CHAPTER 2.- THE MANAGEMENT BODY

Section 1 – General provisions

Article 29.- Structure of the Management Body

1. The Company will be managed by a Board of Directors, made up of a minimum of three and a maximum of eighteen members, comprised exclusively of natural persons.

2. The General Meeting is responsible for determining the number of members of the Board, for which purpose it may establish that number by virtue of an express resolution or, indirectly, by filling vacancies or appointing new Directors within the maximum established in the preceding section.

3. In exercising its powers to propose appointments to the General Meeting and to co-opt to fill vacancies, the Board of Directors must strive to ensure that proprietary and independent directors represent an ample majority of the Board of Directors while the number of executive directors should be as small as is practical, bearing in mind the complexity of the corporate group and the executive directors' percentage of ownership.

The provisions of the previous paragraph do not affect the sovereignty of the General Meeting nor do they undermine the proportional system, which will be compulsory whenever there is a grouping of shares as envisaged in the law.

Directors will be classified as proprietary, independent, executive, or other external, in accordance with the law.

4. The Board of Directors will be governed by the provisions established by law, these Articles of Association and a regulation setting out the rules of procedure, which will be approved by the Board and reported to the General Meeting. The Regulation will be reported to the National Securities Market Commission and registered in the Commercial Registry.

Article 30.- Appointment of Directors

1. In order to be appointed a Director, it is not necessary to be a shareholder.
2. Persons affected by any of the incompatibility or prohibition scenarios envisaged by law will not hold or exercise the position of Director.
3. If vacancies arise during the term for which Directors were appointed, the Board of Directors may designate persons to fill such vacancies until the next General Meeting is held. If a vacancy arises once the General Meeting is called and before it is held, the Board of Directors may appoint a Director until the next General Meeting is held.
4. The appointment of Directors will come into effect upon acceptance and must be submitted to the Commercial Registry for registration within ten days following the date of such acceptance, indicating the necessary details envisaged by law or the Articles of Association.

Article 31. – Term and remuneration of the position

1. Members of the Management Body will have a term of three years and may be re-elected one or more times.
2. The position of Director will be remunerated.
3. Directors' remuneration will consist of a fixed annual amount for belonging to the Board of Directors and any committees of which the director is a member and will also take into consideration the functions and responsibilities attributed to each one. The remuneration payable by the Company to the directors as a whole in their capacity as such will be that determined by the Remuneration Policy approved by the General Meeting of Shareholders. Unless the General Meeting or Remuneration Policy establish otherwise, the Board of Directors will set the exact amount within that maximum limit and the distribution thereof between the different Directors, in line with these Articles of Association and acting on a report from the Appointments and Remuneration Committee.
4. Regardless of the provisions of the preceding paragraph, the remuneration for belonging to the Board of Directors will be compatible with any other remuneration (fixed salaries; variable remuneration tied to business, corporate and/or personal objectives; indemnities paid to the director for termination due to causes other than breach of duty; pension and insurance plans; deferred compensation) to which the director may be entitled, subject to a proposal by the Appointments and Remuneration Committee and a decision by the Board of Directors and subject to the Remuneration Policy, for performing other functions in the Company, whether related to senior management or otherwise, other than the collective supervision and decision-making functions that are inherent to the position of Board member.

6. All Directors will be compensated for their travel, transport and any other expenses necessary for the discharge of their duties, duly accredited, and such compensation will not be considered per diem allowances.
7. The remuneration of Directors will in any event be reasonably in proportion to the importance of the Company, its economic situation at any given time and the comparable market standards. Moreover, the

Nonetheless, the General Meeting can determine that the new Remuneration Policy submitted for the approval of the General Meeting, will be applicable as of the date of approval by the General Meeting and for the following three financial years.

Any remuneration received by directors for discharging their duties or for termination of their position, or for performing executive functions, except that expressly approved by the General Meeting, must be consistent with the Remuneration Policy in force at any given time.

The Board of Directors, acting on a report of the Appointments and Remuneration Committee can apply temporary exceptions to the Directors' Remuneration Policy, provided that the exception is necessary to serve the long-term interests and sustainability of the Company as a whole or to ensure its viability.
