Article 8. Creation of value for the shareholders.

1. The criterion that must govern the performance of the Board of Directors at all times consists of the interests of the Company, these being understood to be the interests of the trading company, which takes the form of the sustained maximisation of the long-term economic value of Acciona to the benefit of the shareholders.
2. Acciona shall operate within the law, shall fulfil in good faith the explicit and implicit contracts concluded with clients, workers, suppliers and financing bodies and shall, in general, observe the ethical duties and whatever corporate responsibility principles the Company has considered it reasonable to adopt for conducting business responsibly. Maximisation of Acciona's economic value to the benefit of the shareholders shall always fall within these standards of conduct.
3. In applying the criterion that is to guide the decisions of the Board of Directors, the general principles that must inspire the business and financial strategies of Acciona and its group shall be as follows:
 - a) Planning must focus on obtaining lasting earnings and on maximising cash flows in the long term.

 - the Management Team and managers of the Company are responsible for the design, implementation and operation of the Systems for Internal Control over Financial Reporting;
 - no person or small group of people holds a decision-making power that is not subject to counterbalances and controls; and no shareholders receive preferential treatment in relation to others.

HEADING III

COMPOSITION OF THE BOARD OF DIRECTORS

Article 9. Number of Directors.

1. The number of Directors shall be that determined by the General Meeting of Shareholders expressly or implicitly when appointing Directors, within the limits laid down in the Articles of Association.

2. The Board of Directors itself considers that the ideal number of Directors for its optimum operability as a collegiate body is between ten and fifteen members.
3. The exact number of Directors that the Board of Directors shall propose to the General Meeting of Shareholders shall be that which, according to the shareholders, the business activities of Acciona and its group and all other circumstances at any given time, may be considered the most appropriate for proper representation of the shareholders and a more efficient functioning of the body.

Article 10. Qualitative composition.

1. The composition of the Board of Directors shall include proprietary, independent and executive Directors for the most suitable performance of its duties.
2. The Directors shall be considered to be proprietary, independent, executive and others of an external nature depending on the criteria established in the Spanish Corporations Act (LSC) and other current legislation:
 - Proprietary Directors are those who (i) hold a shareholding above or equal to the legally determined threshold for significant holdings or are otherwise appointed owing to their status as shareholders, although their shareholding does not reach that amount, or (ii) represent shareholders of the kind provided for in point (i) above.

For these purposes, it shall be presumed that a director represents a shareholder when:

- He has been appointed in exercise of the right to representation.
- He is a shareholder, director, senior executive, employee or provider of regular services to that shareholder, or to companies belonging to its same group.
- The corporate documentation shows that the shareholder assumes that the director has been appointed by or represents him.
- He is the spouse, spousal equivalent or relative to the second degree of kinship of a significant shareholder.

However, Directors who are or who represent a shareholder that is significant or represented on the Board of Directors and, at the same time, perform management duties, shall be considered executive.

- Independent Directors are those who, having been appointed in view of their personal and professional conditions, are able to perform their duties without being influenced by relations with the Company or its group, its significant shareholders or their officers.
 - Executive Directors are those who perform management duties or are employees of the Company or its group.
3. The Board of Directors shall explain the nature of each director to the General Meeting of Shareholders which must effect or ratify their appointment, and that shall be confirmed or, as applicable, reviewed on an annual basis in the Annual Corporate Governance Report after verification by the appointments and remuneration committee.
 4. Other external Directors, if there should be any external director who cannot be considered proprietary or independent, the Company shall explain this circumstance and their ties, whether with the Company or its executives, or with its shareholders.
 5. Anyone who cannot be classified as an independent director in accordance with the provisions of the legislation in force shall not be suitable for performing the duties of such post.

Article 11. Appointment of Directors.

1. The Directors shall be appointed by the General Meeting of Shareholders, except in cases where an appointment is made by the Board of Directors by co-optation to fill vacancies and where designation is made by shareholders in exercise of their right to proportional representation.

2. Proposals for the appointment or re-election of Directors that are put before the General Meeting of Shareholders by the Board of Directors, as well as provisional appointment by co-optation, shall be approved by the Board at the proposal of the appointments and remuneration committee, in the case of independent Directors, and after a report from the appointments and remuneration committee, in the case of all other Directors.
3. Exercising its powers of proposal to the General Meeting of Shareholders and of co-optation for filling vacancies, the Board of Directors shall endeavour to ensure that proprietary and independent Directors represent a broad majority over executive Directors and that the number of executive Directors is the minimum required, bearing in mind the complexity of the corporate group and the percentage interest the executive Directors hold in the capital of the Company, and that the number of independent Directors represents at least one half of the total number of Directors.
4. The provisions of this article are subject, at all events, to the legally recognised right of the shareholders to proportional representation, in which case the Directors thus designated shall be considered to be proprietary Directors, and to the fullest possible freedom of the General Meeting of Shareholders for deciding on the appointments of Directors.
5. The Board of Directors shall establish a policy designed to favour an appropriate composition of the Board which: **(i)** is specific and verifiable; **(ii)** ensures that the proposals for appointment or re-election are based on a prior analysis of the abilities required by the Board of Directors; and **(iii)** is conducive to diversity of knowledge, experience, age, gender or professional training and experience. The Board of Directors will ensure that the Company's diversity measures promote the presence of a significant number of female senior executives.

The result of the prior analysis of the abilities required by the Board of Directors referred to in point (ii) of the foregoing paragraph, will be included in the report from the Appointments and Remuneration Committee which is published when the General Meeting of Shareholders is called for the ratification, appointment or re-election of each director.

Article 12. Appointment of independent Directors

1. Within the scope of their respective competences, the Board of Directors and the appointments and remuneration committee shall endeavour to ensure that the independent Directors elected are people with recognised solvency, competence and experience, who are prepared to devote a sufficient amount of their time to performing the duties inherent in the position.
2. The Board of Directors may not propose or designate individuals for filling a position of independent director when they do not satisfy the criteria of independence established by the legislation in force.

Article 13. Re-election of Directors.

1. The appointments and remuneration committee shall also report to the Board of Directors on proposals for re-electing Directors. In its recommendation, the appointments and remuneration committee shall assess the quality of work and dedication to duties shown during the director's term of office and his/her ability to continue to do so in a satisfactory manner.
2. The Board of Directors shall endeavour to ensure that the independent Directors who are re-elected do not remain attached to the same committee, unless the tasks in progress or other reasons suggest the need for them to continue serving on the same committee.

Article 14. Term of Office.

1. The Directors shall hold office for the statutory term which must be equal for all of them. Outgoing Directors may be re-elected when their mandate has been fulfilled or has expired for any reason other than corporate responsibility action being taken against them.

2. The Directors appointed by co-optation by the Board of Directors itself to fill vacancies shall hold office until the date when the first General Meeting of Shareholders after that is held. If the vacancy should occur once the General Meeting has been convened but before it is held, the Board of Directors may appoint a director until the next General Meeting of Shareholders is held.

Article 15. Incompatibility after stepping down as a director.

1. Directors who complete their term of office or cease to hold office for any other reason may not provide services in another entity where it implies effective competition, as defined in article 45 of these Regulations, for a period of two years.
2. The Board of Directors may, if appropriate, release the outgoing Director from this obligation or shorten the period imposed.

Article 16. Resignation of Directors

1. Directors shall step down from office:
 - of their own accord at any time,
 - when this is agreed by the General Meeting of Shareholders using the powers conferred on it by law, or
 - when, the term for which they were appointed having expired, the first General Meeting of Shareholders after that is held or when the legal period in which the next ordinary General Meeting of Shareholders should have been held, without that occurring, has elapsed.
2. Directors must also offer to resign and, if the Board of Directors considers it appropriate, tender their resignation in the following cases:
 - a) In the case of proprietary Directors, when the reasons for which they were appointed no longer exist, this situation being deemed to apply when the company or business group they represent transfers its shareholding in full or reduces its equity interest to a level that requires the number of its proprietary Directors to be reduced, or when the company or business group in question requests their replacement as Directors.
 - b) In the case of independent Directors, if they join the executive management of Acciona or any of its subsidiary companies, or when for any other reason they become subject to any incompatibility with the status of independent director.
 - c) In the case of executive Directors, when they resign from the executive positions by virtue of which they were appointed to the Board.
 - d) When they are found to be involved in any of the cases of incompatibility or prohibition provided for by law or in these Regulations.
 - e) When they have been reprimanded by the Audit Committee for having committed a serious breach of any of their obligations as Directors.
 - f) When their continued presence on the Board, whether for actions related to the Company or not, might affect the credibility or reputation enjoyed by Acciona and its group in the market or in any other way jeopardise their interests and, in particular, when the director is found to be involved in any of the circumstances described in paragraph 1.c of article 52 of these Regulations.
3. The Board of Directors may propose the resignation of independent Directors on the occasion of takeover bids, mergers or other similar corporate transactions that involve a change in the capital structure of Acciona when such changes in the structure of the Board are brought about by the proportionality that must be maintained between the number of proprietary and independent Directors in order to reflect the proportion existing between the Company capital represented by proprietary Directors and the remaining capital.
4. The Board of Directors shall not propose the resignation of independent Directors unless there is just cause for doing so, which has come to the notice of the Board of the Board after receiving a report from the

Appointments and Remuneration Committee. It shall, in particular, be understood that just cause exists when a director goes on to hold new positions or enters into new obligations that prevent him from devoting the necessary time to discharging his duties of office as a director, fails to comply with the responsibilities inherent in his position, or is affected by any of the circumstances that may cause him to lose his independent status, in accordance with the provisions of the applicable legislation.

5. When, either due to resignation or a resolution of the General Meeting, a director leaves his post before completing his term of office, he must sufficiently explain the reasons for his resignation or, in the case of non-executive Directors, his opinion on the reasons of his removal by the General Meeting, in a letter which he shall send to all members of the Board. Acciona, insofar as it is relevant for investors, will publish the removal as soon as possible, including sufficient reference to the reasons or circumstances provided by the Directors, without prejudice to everything being explained in the Annual Corporate Governance Report.

Article 17. Abstention of interested parties and secret ballots.

1. Directors must abstain from participating in the discussions and voting on resolutions or decisions in which they or parties related to them have a direct or indirect conflict of interests. Resolutions or decisions that affect them in their capacity as Directors, such as their appointment or revocation for positions on the board of Directors or others with similar significance, shall be excluded from the above obligation to abstain.
2. All votes cast by the Board of Directors in relation to the appointment, re-election or dismissal of Directors shall be secret if so requested by any of its members, notwithstanding the right all Directors have for the way they have voted to be placed on record in the minutes.

HEADING IV

FUNCTIONING OF THE BOARD

Chapter I.

DISTRIBUTION OF POSTS

Article 18. Chairperson.

1. Following a report issued by the appointments and remuneration committee, the Chairperson of the Board of Directors shall be elected by the Board of Directors from among its members by an absolute majority of the Directors present in person or represented at the meeting. If the position of Chairperson of the Board of Directors should fall to an executive director, his appointment shall require the favourable vote of two thirds of the members of the Board of Directors.
2. The Chairperson shall have ordinary powers to convene the meeting of the Board of Directors, draw up the agenda of its meetings and lead the debates.
3. The Chairperson must also convene the meeting of the Board of Directors whenever so requested by a Deputy Chairperson, the Lead Independent Director, a Chief Executive Officer or one third of the members of the Board.
4. The Chairperson shall hold the casting vote in the event of a tie.
5. The Chairperson may hold delegated powers of management and representation and be allocated the responsibility inherent in the position of chief executive of Acciona if the Board of Directors so agrees through a decision adopted with the majority vote of two thirds of the Directors as required by law.

OPERATING RULES

Article 22. Meetings of the Board of Directors.

1. The Board meeting shall be convened by the Chairperson whenever he deems this necessary or advisable. In the event of the absence or incapacity of the Chairperson or if that post is temporarily vacant, the call to meeting may be made by the Deputy Chairperson (if there are several, then by any of them) who is in a position to be able to do so.

The Board meeting must necessarily be called whenever this is requested by a Deputy Chairperson, a Chief Executive Officer, the Lead Independent Director or one third of the board members. In the event that one month has elapsed since the request was received without the Chairperson having convened the meeting for

no justifiable reason, it may be convened by the persons requesting it, who shall state the agenda for it to be held in the place where the Company has its business address.

2. The Board of Directors shall be understood to have been summoned, without the need for a specific notice, to be constituted as a meeting on the same date on which a General Meeting of Shareholders is to be held.

The meeting thus convened shall commence prior to the General Meeting of Shareholders, shall be understood to continue while the latter is being held and shall adjourn after the General Meeting has ended, after the Board of Directors has adopted the resolutions it considers relevant in view of what has been decided or has occurred during the General Meeting.

The typical subject-matter for the Board Meeting convened in that way is to make proposals to the General Meeting that have not been put to it before and the adoption of resolutions that are related to the decisions or smooth running of the General Meeting.

3. The Board of Directors shall ordinarily meet at least eight times each year. It shall also do so on the initiative of the Chairperson or other Directors with the capacity for being prime movers in convening the meeting, as often as is considered advisable for the correct operation of Acciona.
4. The calendar and programme of items for the ordinary meetings shall be established by the Board itself before the start of each financial year and may be changed by resolution of the Board or by decision of the Chairperson in response to justified reasons. Any change must be made known to the Directors with the least possible delay.
5. The notice of meeting shall be given by letter, electronic mail or any other communication means acknowledging receipt. It shall be authorised with the signature of the Chairperson or by the Secretary when the latter acts by order of the Chairperson. The notice of meeting shall be sent out at least three days prior to the date on which it is expected to be held.

If circumstances so require, the Chairperson may convene the Board Meeting by telephone and on an extraordinary basis, without respecting the advance notice period or other requirements set out in the next paragraph below.

6. The notice of meeting shall include an indication of the prospective Agenda for the meeting. It shall be accompanied by the appropriate written information available at the time. The agenda shall clearly state the items on which the Board of Directors must adopt a decision or resolution, so that the Directors are able to study or obtain beforehand the information required for adopting them.

In any event, before or during the meeting any of the members of the Board of Directors shall have the right for any other item to be submitted for deliberation and voting upon, the prior, express consent of the majority of the Directors present being required, with due record of same being recorded in the minutes. The order of deliberation and voting shall be as determined by the Chairperson at his discretion.

7. Board Meetings may be held in several rooms simultaneously, provided the interactivity and intercommunication between them is in real time and, therefore, a single proceeding is ensured via audio-visual means, telephone or by a similar system. In this case, the announcement will state the system for connection and, if applicable, the venues at which the necessary technical means for attending and participating in the meeting are available. The Secretary of the Board of Directors will record in the minutes of the meetings held, in addition to the Directors who physically attend or, if applicable, are represented by another Director, those who attend via conference call, video call or any similar system. Those attending at any of the venues will be considered, for all purposes related to the Board of Directors, as attending the same meeting. The meeting will be considered held at the registered office.

Article 23. How meetings are to be conducted.

1. The Board meeting shall be validly constituted when one half plus one of the number of members stipulated by the General Meeting for forming the body are present or represented at the meeting, even though that number is not covered in its entirety or if vacancies have occurred.
2. The Directors must attend Board meetings in person.

When a director is unable to attend in person, which should only happen on specially justified grounds, and it is not appropriate for him to be present through remote means of communication, the director shall endeavour to delegate his proxy to another member of the Board of Directors, giving that person the pertinent voting instructions as far as possible. Delegation of proxy shall be made by letter or by any other written method that allows the Chairperson to confirm the reality of the representation. Non-executive Directors may only delegate their proxy to other non-executive Directors.

3. The Chairperson shall organise the debates, striving to encourage all the Directors to participate in the discussions.
4. The executives of Acciona and its subsidiary and Dependent Companies shall participate in the meetings of the Board of Directors whenever the Chairperson considers it to be necessary or advisable for them to report on matters submitted for its consideration.
5. Whenever the Directors or the Secretary express concern regarding any proposal or, in the case of the Directors, regarding the progress of the Company, and such concerns are not settled during the Board Meeting, they shall be recorded in the minutes at the request of whoever has stated them.

Article 24. Resolutions adopted in writing and without a meeting.

If the urgency of the matter so requires, the Chairperson may propose and the Board of Directors adopt, on the condition that no director objects to this procedure, the adoption of resolutions in writing and without a meeting, requesting that the Directors vote by means of letter, fax, electronic mail or any other written method that, under the responsibility of the Secretary or the Deputy Secretary, suitably guarantees the identity of the sender and the authenticity of the contents of the communication.

Article 25. Adoption of resolutions and voting.

1. Resolutions shall be adopted by an absolute majority of the Directors in attendance (present or represented) at the meeting, except in cases where the law or the Articles of Association require a different voting majority.
2. In accordance with the provisions of article 18.4 above, the Chairperson or whoever stands in for him shall hold the casting vote if there is a tie.
3. Voting shall be secret whenever so requested by any of the Directors, without prejudice to the power of each director to ask for the way he has voted to be recorded in the minutes.

Article 26. Evaluation of the Board of Directors.

1. The Board of Directors shall evaluate annually:
 - (i) the quality and efficiency of the functioning of the Board, after the appointments and remuneration committee has reported;
 - (ii) the performance of their duties by the Chairperson of the Board and chief executive of the Company, based on the report sent to it by the appointments and remuneration committee;
 - (iii) the functioning and composition of the Committees, based on the report they have sent to it for this purpose and, if applicable, that of the Executive Committee;
 - (iv) the performance and contribution made by each director, paying particular attention to those responsible for the different Committees;
 - (v) the diversity in the composition and powers of the Board of Directors.

Based on the results of the evaluation the Board of Directors shall, where appropriate, adopt a plan of action to correct the shortcomings identified. The Annual Corporate Governance Report will inform on the process and the areas evaluated.

2. In order to carry out its evaluation, the Board of Directors may be assisted by an external consultant whose independence shall be verified by the appointments and remuneration committee.

HEADING V

RIGHTS AND OBLIGATIONS OF DIRECTORS

Chapter I.

ROLE OF THE DIRECTORS

Article 34. Role.

The role of each of the Directors is to contribute, with their commitment and judgment, to ensuring the company's best interests, these being understood to be the common interests of all its shareholders, in the special form of maximising the value of Acciona in the long term.

Article 35. Supervisory and control function.

The main function the Directors are responsible for in fulfilling their role is, in accordance with the provisions of the legislation in force and these Regulations, to monitor and guide the management of Acciona and exercise the required control.

Chapter II.**GENERAL DUTIES****Article 36. Duty of diligent administration.**

1. Each of the Directors has a duty to perform his duties with the diligence of an orderly businessman and loyal representative acting in good faith in the best interests of Acciona.
2. The duty of diligence includes, most particularly, that of diligently seeking information about the progress of Acciona and its group.
3. Compliance with the duties imposed by law, by the Articles of Association, by these Regulations and by all other internal Regulations approved by Acciona is also an expression of the duty of diligence, taking into consideration the nature of the post and the functions allocated to each of them, with the interests of Acciona always taking precedence over private interests.

Article 37. Duty of loyalty.

1. In their decisions and actions as Directors, each one must be guided exclusively by the corporate interests, within the framework defined by legal regulations, the Articles of Association and the self-regulation Acciona has set itself through sets of Regulations; by explicit and implicit commitments to clients, suppliers, employees and financing bodies; and by the ethical duties of a responsible way of doing business.

In particular, the duty of loyalty obliges Directors to:

- a) Refrain from exercising their powers for purposes other than those for which they were conferred.
- b) Maintain secrecy regarding the information, data, reports or records to which they have had access while performing their duties of office, even when they no longer hold the post, except in cases permitted or required by law.
- c) Refrain from participating in the deliberations and voting on resolutions or decisions in which they or a related party have a direct or indirect conflict of interests. Resolutions or decisions that affect them as Directors, such as their appointment to or dismissal from posts on the board of Directors or others with a similar significance, shall be excluded from the above obligation to abstain.
- d) Perform their duties under the principle of personal responsibility with freedom of opinion or judgment and independence with regard to instructions and links to third parties.
- e) Adopt the necessary measures for avoiding being involved in situations in which their interests may, for their own or a third party's account, conflict with the corporate interests and with their duties towards the Company.
- f) Refrain from obtaining benefits or remunerations from third parties other than Acciona or its group of companies, that are associated with their performance as a director, unless they take the form of polite acts of mere courtesy.

Article 38. Specific duties of the diligent director.

1. The director's specific duties take the following forms:

- a) To continuously devote the time and effort required for regularly following the issues raised by the management of Acciona, compiling sufficient information for the purpose and requesting the cooperation and assistance he considers suitable.
- b) To inform the appointments and remuneration committee about his other professional obligations.
- c) To belong to no more than three Boards of Directors of listed companies, Acciona included, without prejudice to the Board of Directors being able, after receiving a report from the appointments and remuneration committee, to set a lower number if it considers that the dedication required from the other boards of Directors does not allow the necessary time to be devoted to performing the duties inherent in the position of director of Acciona.
- d) To find out about and properly prepare the meetings of the Board of Directors and the Executive Committee and Committees to which he belongs, requesting, where appropriate, the information he considers necessary for completing that already provided to him, to enable him to formulate an objective and fully independent opinion on the general functioning of the Acciona administration.
- e) To be actively involved in the board of Directors and the committee or Committees to which he has been appointed and in the tasks allocated to him, expressing his opinion and urging the other Directors to share in the decisions he understands to be the most favourable for the interests of the Company.
- f) To oppose resolutions that are contrary to law, the Articles of Association or the corporate interests, and request that his opinion be recorded in the minutes when he considers this the most advisable way of safeguarding the corporate interest. Directors who are not affected by a potential conflict of interests, independent Directors in particular, must likewise oppose the decisions that may harm shareholders who are not represented on the Board.

If the Board adopts significant or repeated decisions on which the director has expressed serious reservations, he shall draw the pertinent conclusions and, should he choose to resign, shall provide sufficient explanation of the reasons in a letter sent to all the members of the Board of Directors. The Company, insofar as it is relevant for investors, will, as soon as possible, publish the reasons leading the director to resign.

The provisions of this paragraph f) shall be applicable to the Secretary of the Board, even though he does not hold the status of director.

- g) To perform any specific task entrusted to him by the Board of Directors or the Executive Committee or committee to which he belongs, provided it falls reasonably within his dedication commitment.
- h) To investigate any irregularity he may have learned of in the management of Acciona and monitor any situation of risk.
- i) To ask the persons with capacity to call meetings to convene an extraordinary meeting of the Board of Directors or the Executive Committee or the committee to which he belongs, or to include the items he considers advisable on the agenda of the first meeting that is to be held.

Chapter III.
RIGHTS OF DIRECTORS

Article 39. Right to information.

1. All Directors have the right to obtain whatever information they consider necessary or advisable at any time in order for them to discharge their duties properly. The Board shall establish an information programme giving new Directors rapid and sufficient knowledge of Acciona and its group of companies, including its Corporate Governance rules. The Board shall also establish a refresher course programme aimed at Directors when circumstances so advise.
2. Directors are acknowledged to have the broadest powers for obtaining information on any Acciona business activity or details and for examining its books, registers, documents and other background records of corporate operations, to whatever extent may be necessary or advisable for making better informed decisions and having the best basis for the supervisory and control duties that form part of their job.
3. The Directors will be informed periodically of the movements in the shareholding and of the opinion of the significant shareholders, investors and rating agencies regarding the Company.
4. The right to information also extends to available information or that to which Acciona has right of access in relation to companies over which it exerts a significant influence.
5. The right to information shall only be limited by the demands of good faith and of the least possible disturbance of management of company business.

As a result, the right to information shall be exercised through the Chairperson, the Chief Executive Officer, other executive Directors or the Secretary. The Chairperson of the Board of Directors and the Chief Executive Officer shall, in any case, be notified before the request is attended to.

The answer to requests for information shall be given by delivering the information directly or facilitating direct consultations with the appropriate executives at the applicable level of the organisation.

6. If the Chairperson or the Chief Executive Officer are of the opinion that the request might be injurious to corporate interests, the matter shall be submitted to the Board of Directors for decision.

Article 40. Advice provided to the Directors and assistance from experts.

1. All Directors shall have the right to obtain from Acciona the advice they need for fulfilling their duties.
2. With a view to being assisted in the performance of their duties, the Directors may also ask Acciona to engage and pay for the services of its own consultants on legal, accounting, financial and other kinds of matters.
3. The hiring of such external consultants shall be limited to assignments regarding specific problems of certain significance and complexity that arise during the performance of a director's duties.
4. The request to engage the services of consultants to assist the Directors must first be notified to the Chairperson of the Board of Directors.
5. The hiring of consultants to assist the Directors may be vetoed by the Board of Directors when that body considers, by an absolute majority, that:
 - a) it is not necessary for the proper performance of the duties entrusted to the Directors;
 - b) its cost is not reasonable in view of the importance of the problem;
 - c) the technical assistance requested can be appropriately provided by the in-house experts and technical staff of Acciona; or,
 - d) it may pose a risk for the confidentiality of the information that must be handled.

6. If the Chairperson of the Board of Directors should call a meeting of that body to decide whether to veto such hiring, contract signing shall be postponed until the meeting is held or the resolution is adopted. The decision must be adopted without any delays that might void the right of the Directors.
7. The contract shall be drawn up through the Secretary or the Deputy Secretary of the Board of Directors.

Chapter IV.

SPECIFIC DUTIES OF DIRECTORS

Article 41. Duty of confidentiality.

1. The Directors must maintain secrecy regarding deliberations of the Board of Directors and the Executive Committee or Committees of which they are members, both in Acciona and in the companies in which they perform those or similar duties on behalf of Acciona's interests.
2. As a general rule, they must refrain from disclosing any other information to which they may have had access while performing their duties of office.

The duty of confidentiality shall be extended most notably to the information, data, reports or background records known by the Directors as a result of performing their duties of office and whose communication or disclosure to third parties might have detrimental consequences for the interests of the Company.

3. The requirement to maintain confidentiality shall prevail for an indefinite period of time after the Directors cease to hold their respective post.
4. The duty of confidentiality shall yield to the legal or regulatory obligation to:
 - a) publicly communicate the information in question, in which case, if Acciona has not done so with all due diligence, any director may ask the Chairperson or Chief Executive Officer for Acciona to make the disclosure without delay, the director refraining from disclosing it of his own accord;
 - b) answer requests for information from a public authority or a supervisory body, provided that the requester makes the request within his field of competence and the communication of information by the director conforms to the provisions of law;
 - c) co-operate with the criminal jurisdiction; or
 - d) any other cases in which the laws permit its communication or disclosure to a third party, such as, in the case of proprietary Directors, communication to the shareholder who proposed their appointment, which will be subject to a similar duty of confidentiality.

Article 42. Obligations resulting from the duty of loyalty.

For implementing their duty of loyalty, the Directors are subject to the obligations established in the following articles regarding:

- a) conflicts of interest in general and specific manifestations; non-competition, transactions with Acciona or Dependent Companies, use of corporate assets and taking advantage of business opportunities;
- b) taking advantage of their status as Directors;
- c) refraining from trading on securities during certain periods; and
- d) notification of transactions with Related Parties.

Article 43. Duty to abstain in the event of conflicts of interest.

1. Situations of conflicts of interest in which Directors are involved are subject to the provisions of the applicable legislation, this article and also the specific rules governing the particular situation in question as provided for in the following articles:
 - a) duty of non-competition (article 44);
 - b) transactions between the Director, shareholders and Acciona or Dependent Companies (article 45);
 - c) use of corporate assets (article 46);
 - d) exploitation of business opportunities and of non-public information (article 47);
 - e) exploitation of Director status (article 48).
2. A "conflict of interests" shall be deemed to exist in those situations where there is a direct or indirect clash between the interest of the Company or its Dependent Companies and the interest, direct or indirect, of the Director. The Director will have an interest when, among other scenarios: (i) the matter affects him/her or a person related to him/her, or (ii) in the case of a proprietary Director, the matter affects the shareholder or shareholders who proposed or appointed him/her, or persons directly or indirectly related to them.
3. The following shall be deemed to be an "indirect interest" of the Director;
 - a) that of a third party who acts on behalf of the Director; or
 - b) That of a company or entity in which the Director (i) directly or indirectly holds, including via an interposed person, a stake that gives him/her significant influence or (ii) holds a position on the management body or in senior management of such company or its dominant company.

In this regard, significant influence will be considered to mean a stake equal to or greater than ten per cent (10%) of the share capital with voting rights or by virtue of which it has been possible to obtain, de facto or de jure, representation on the management body of the company.

Calculation of the indirect holdings of the Director and the persons connected with him shall be made in proportion to the cascading economic involvement corresponding to them.
4. Directors must inform the Board of Directors, through the Secretary or Deputy Secretary of the Board of Directors, of any situation of conflict of interests in which they might find themselves.
5. Directors must refrain from intervening in any deliberations, decision and execution of operations in respect of which they have a direct or indirect conflict of interests.

Directors must also refrain when the decision concerns a Related Party, according to the regulatory definition in force at any time, and they are aware of that fact.

The duty to abstain shall not, however, prevent the Director's vote from being counted in favour of the decision adopted by the relative majority of the remaining Directors who are unaffected by the conflict of interests, if the director in question requests this with regard to valid adoption of the resolution. Otherwise, the votes of the Directors affected by the conflict and who must abstain shall be deducted for the purpose of calculating the necessary majority of votes.
6. Directors must take particular care to protect the information that has come to their knowledge regarding the matter in which a conflict of interests exists, refraining from disclosing or using it against the interests of Acciona and its subsidiary and Dependent Companies.
7. Information on the situations of direct or indirect conflict of interests in which Directors find themselves shall be provided in the report.

Article 44. Duty of non-competition.

1. Directors will refrain from performing activities on their own behalf or on behalf of others where they involve effective competition, actual or potential, with the Company or that in any other way place them in permanent conflict with the interests of the Company.

2. The obligation not to compete with the Company can only be waived by an express, separate resolution of the General Meeting of Shareholders, in the event that no damage to the Company can be expected or any that might be expected would be offset by the foreseeable profits to be obtained from such dispensation.
3. In any event, at the request of any shareholder, the General Meeting of Shareholders will decide on the removal of Directors performing competing activities when the risk of damage to the Company has become significant.
4. This does not apply to positions Directors of the Company may hold in Group Companies.

Article 45. Transactions between a Director, shareholders and Acciona or its Dependent Companies.

1. The completion by Acciona or its Dependent Companies of any transaction with Company Directors or with shareholders which qualifies as a related-party transaction as this term is defined in the legislation in force at any given time, will be subject to authorisation from the Board of Directors or, in the case of urgency, from the Executive Committee, if constituted, subsequently ratified by the Board of Directors, acting on a report from the Audit Committee, with the exception of the terms of the following sections.
2. The authorisation will necessarily be granted by the General Meeting of Shareholders when it relates to a related-party transaction for an amount or value in excess of ten per cent (10%) of the Company's assets according to the latest annual balance sheet approved by the Company. In this regard, related-party transactions performed with the same counterparty in the last twelve months will be aggregated in order to obtain the total value for the above purposes. When the General Meeting is called on to decide on a related-party transaction, the affected shareholder will be deprived of his/her right to vote, except in those cases where the proposed resolution was approved by the Board of Directors without a majority of independent Directors voting against. Nonetheless, when appropriate, the rule on the reversal of the burden of proof envisaged in article 190.3 of the Spanish Companies Act will apply.
3. The approval of a related-party transaction by the General Meeting or the Board of Directors will be the subject of a prior report from the Audit Committee in the cases and with the terms established by the legislation in force at any given time.
4. The Board of Directors may delegate approval of the following related-party transactions, which will not require a prior report from the Audit Committee: **a)** those between the Company and its Dependent Companies and the rest of the Group Companies in the context of its day-to-day management and under market conditions; and **b)** those carried out by virtue of agreements whose standard conditions are applied *en masse* to a large number of clients, are carried out with prices or rates established generally by the party acting as supplier of the good or service in question, and whose amount does not exceed zero point five per cent (0.5%) of the Company's net turnover, pursuant to the latest consolidated annual accounts or, failing that, the individual Company accounts approved by the General Meeting.

If such a delegation is approved, the Board of Directors will establish an internal information and periodic control procedure in relation to these transactions involving the Audit Committee and that will verify the fairness and transparency of such transactions and, if applicable, compliance with the legal criteria applicable to the above exceptions

5. The Directors affected by the related-party transaction in question may not exercise or delegate their voting right and shall leave the meeting room while the Board deliberates and votes on the matter. As an exception, proprietary Directors will not have to abstain in the case of transactions by the Company and its Dependent Companies, although, in such cases, if their vote has been decisive for the adoption of the resolution, the rule on the reversal of the burden proof, as envisaged in article 190.3 of the Spanish Companies Act, will apply.
6. The Board of Directors will, via the Audit Committee, ensure that transactions between Acciona or its Dependent Companies, with the Directors, the shareholders referred to in the foregoing section or their respective Related Parties, are carried out under market conditions and in line with the principle of equal treatment for shareholders.

7. Acciona shall report on the transactions referred to in this article in the cases and with the scope provided for by law.
8. The provisions of this article may be the subject of development through the relevant rules that may be laid down by the Board of Directors of the Company.

Article 46. Use of Corporate Assets.

1. Directors may only make use of the assets belonging to Acciona or its Dependent Companies in exchange for an appropriate economic compensation that may be considered to conform to market conditions between independent parties.
2. As an exception and ensuring the safety of the operation, and after receiving a report from the appointments and remuneration committee, the Board of Directors may authorise use without any appropriate economic compensation, in which case it shall be considered indirect remuneration and as such shall be calculated and published.
3. If the benefit is received by a Director with shareholder status, it shall only be acceptable if the principle of equal treatment of shareholders is respected.
4. The use of assets by executive Directors as part of their remuneration for professional dedication to Acciona and its group shall be subject to the control of Management Team remuneration to be exercised by the appointments and remuneration committee and shall conform to the contractually pledged terms.

Article 47. Exploitation of business opportunities and non-public information.

1. Directors must refrain from making, for their own direct or indirect benefit, or for the benefit of persons connected with them Related Parties, investments of any kind and transactions of whatsoever nature linked with the assets of Acciona or its Dependent Companies, that they may have learned of while performing their duties of office if:
 - a) the investment or transaction in question has been offered to Acciona or the Dependent Company in question, or
 - b) Acciona or that company was interested in the investment or transaction, the director being aware of this, provided that neither Acciona nor that company has rejected the investment or transaction in question without having been influenced by the Director.
2. Any possibility of making an investment or commercial transaction with the following characteristics is subject to the provisions of this article:
 - a) it was known by an executive Director during the discharge of his duties as an executive of Acciona or learned from internal Acciona sources; or
 - b) it has been revealed under such circumstances that it is reasonable to believe that the third party's offer was really aimed at Acciona.

Notwithstanding the provisions of the preceding paragraph, in exceptional cases the Board of Directors may authorise the director or a related party to take advantage of a specific business opportunity provided that protection of the corporate assets and the transparency of the process are guaranteed.

3. The Directors' use of non-public information about Acciona or its Dependent Companies for their own private purposes shall only be fair and permitted if the following conditions are fulfilled:
 - a) that such information is not used by the Directors to make or suggest transactions on securities issued by Acciona or the company in question, both being listed on an official market, or on financial derivatives with those securities as underlying assets;
 - b) that the use of such information does not violate the rules that regulate the securities market;
 - c) that its use does not cause any harm to Acciona; and

- d) that Acciona does not hold an exclusive right or a legal position of similar importance over the information they wish to use, unless the Directors request and obtain express, prior authorisation from the Board of Directors.
4. In addition to the provisions of the preceding paragraphs of this article, Directors must observe at all times the rules of conduct laid down in the laws governing the securities market and, in particular, those established in the Internal Code of Conduct in matters related to the securities markets that Acciona has imposed on itself.

Article 48. Exploitation of director status.

Directors must refrain from using the name of Acciona or its Dependent Companies, and from invoking their status as Directors of any of them, in order to unduly influence the execution of transactions for their own account or that of Related Parties.

Article 49. Duty to refrain from trading shares in Acciona or in companies over which it exerts a significant influence.

1. Directors must refrain from carrying out, and suggesting this course of action to third parties, transactions involving Acciona shares or involving securities whose underlying asset consists of Acciona shares,
- (i) Within the thirty (30) calendar days prior to the date of publication of the intermediate or annual financial results by the Company and, in any case, from the moment they learned about such results and until their publication.
- (ii) When they have insider or relevant information relating to Acciona securities until such time as the information ceases to be of that nature.
2. The same limitation may be imposed at any time on all the Directors by decision of the Chairperson of the Board of Directors or the Chief Executive Officer, and notified to the Directors by them or by the Secretary, in view of the possibility of an investment, transaction or circumstance that, while still being unknown to the public, may have a significant impact on the market value of Acciona's shares.

It shall not be necessary for the notification to explain the reason for the warning against doing business with the shares.

The effects of the limitation shall extend to disclosure of the transaction or the indication that the circumstances justifying imposition of the limitation have ceased to exist.

3. The duty to refrain from doing business with the shares is additional to, and does not replace, that of refraining from carrying out, and suggesting this course of action to third parties, transactions involving securities, whether issued by Acciona or by any other issuer, that are traded on official markets, in respect of which the Director has insider or confidential information due to his position or management duties in Acciona or in other companies on behalf of Acciona's interests, for as long as that information is not made publicly known.
4. The Board of Directors may delegate power to the Audit Committee which may authorise trading within the time limit provided for in paragraph 1 (i) at a Director's request in the following cases: **a)** case by case due to exceptional circumstances such as the coexistence of serious financial difficulties that require the immediate sale of shares and, **b)** in the context of or in relation to a plan for shares or options and when transactions in which no changes occur in the final ownership of the shares are negotiated.

Article 50. Related parties.

1. For the purposes of these Regulations, the persons and entities considered at any moment to be related parties by the rules in force shall be persons related to any of the persons included in the subjective scope of application of these Regulations.
2. Persons related to the Directors shall, in any case, be the following:

- a) The spouse of the Director or persons with a similar close relationship.
 - b) The ascendants, descendants and siblings of the Director or spouse (or person in a similar personal relationship) of the Director.
 - c) The spouses (or persons in a similar personal relationship) of the ascendants, descendants and siblings of the Director.
 - d) The companies or entities in which the Director **(i)** directly or indirectly holds, including via an interposed person, a holding that grants him/her significant influence or **(ii)** holds a position on the management body or in senior management, or in their dominant company.

In this regard, significant influence will be considered to mean a stake equal to or greater than ten per cent (10%) of the share capital with voting rights or by virtue of which it has been possible to obtain, de facto or de jure, representation on the management body of the company.
 - e) In the case of proprietary Directors, in addition, the shareholders who proposed their appointment.
3. The Executives of the Company, relatives of the Executives in the terms provided for under sections 2(d)(i) and 2(d)(ii) above, or any person acting in concert with any of them, shall also be considered to be Related Parties.
 4. Directors infringe their duty of loyalty to Acciona if, knowing of the existence of, or a plan to implement, transactions with persons related to them who have not been subject to the conditions and controls provided for in these Regulations, they do not make this known to the appointments and remuneration committee through the Secretary or Deputy Secretary.

Article 51. Participation in Acciona's capital and transactions in financial derivatives on underlying securities issued by Acciona.

1. In addition to fulfilling their duties to inform the Spanish Securities Market Commission (CNMV) and in order for such information to appear in the public information disseminated by Acciona, the Directors must inform Acciona, through the Secretary or the Deputy Secretary, about every transaction carried out:
 - directly by the Director, or
 - by a person related to the Director, in the terms of these Regulations, or
 - through an intermediary,that is of the following nature:
 - a) acquisition or disposal of Acciona shares;
 - b) trading in options, futures or any other type of financial derivative that have Acciona shares as their underlying instrument or are based on their value;
 - c) acquisition or cancellation of limited or security rights over Acciona shares; or
 - d) any novation of the above agreements.

The notice of the General Meeting of Shareholders shall mention this right. Once approved, the Remuneration Policy, together with the date and the outcome of the vote, will be freely accessible on the Company website as of approval and for long as it applies.

Proposals of new remuneration policies for Directors will be submitted to the General Meeting of Shareholders prior to the end of the last financial year in which the previous policy applied, with the General Meeting being entitled to decide that the new policy apply as of the same date of approval and for the three following financial years. This report shall be made available to the shareholders when the ordinary General Meeting is convened and shall be voted on for advisory purposes at that meeting, as a separate item on the agenda. If the above-mentioned annual report on Directors' remuneration is rejected by the advisory vote cast at the Ordinary General Meeting, the Remuneration Policy will only continue to apply until

6. Directors' remuneration shall be transparent.
7. Non-executive Directors who provide services to the Company through advisory, consultancy or service provision contracts shall be remunerated in the terms laid down in the respective contracts. Such remuneration is compatible with the pay due to them for the collective supervisory and decision-making duties they carry out as mere members of the Board and/or its Committees.
8. The Board of Directors shall adopt the necessary measures for ensuring that the annual report contains information regarding the remunerations of Directors in their capacity as such and for each of the items and, moreover, also for each of the items, regarding the remunerations of Directors with executive responsibilities.

The contract must comply with the remunerations policy that has, where applicable, been approved by the General Meeting.

The Board of Directors shall also endeavour to ensure that the remuneration policies in force at any time include the necessary technical safeguards for the variable remunerations in order to guarantee that such payouts are commensurate with the professional performance of their beneficiaries and do not simply stem from the general evolution of the markets or the Company's sector of activity or from other similar circumstances.

In particular, the variable components of remunerations:

- a) Shall be linked to predefined, measurable performance criteria, with those criteria considering the risk assumed for obtaining a result.
- b) Shall promote sustainability, business strategy and interests of the company and shall include non-financial criteria that are suitable for long-term value creation, such as compliance with the Company's internal rules and procedures and its policies for risk control and management.

- d) Payment of variable components will be deferred for a period of time that is sufficient for verification, and may imply the total or partial loss thereof, if, prior to payment, an event arises that makes this advisable.

Executive Directors may be beneficiaries of remuneration systems consisting of the delivery of shares or rights over them, as well as any other remuneration system that is linked to the value of the shares.
