COMMITMENTS

Acciona Infrastructure North America (ACCIONA) commits to develop its business, delivering projects and executing contracts through the effective and prudent management of the natural resources guided by science-based knowledge, policy and regulations. As part of a global company, Acciona Infrastructure North America strives to ensure the effectiveness of its processes in environmental management.

PRINCIPLES

ACCIONA proactively manages its projects and contracts environmental risks and opportunities, through a competent workforce and establishes processes under the environmental management system (EMS). The EMS requires ACCIONA to:

- Integrate the consideration of environmental concerns and impacts into ACCIONA Executive Board decision making and activities;
- Assess and effectively control environmental risks during planning and execution of project or contract scopes of work;
- Provide the framework for environmental objectives;
- Promote environmental awareness among its employees and encourage them to work in an environmentally responsible manner;
- Foster constructive environmental communication with staff, subcontractors, and clients;
- Monitor and audit environmental performance in accordance to strategic planning;
- Comply with all applicable Federal, Provincial and Municipal requirements immediately and without delay.

RESPONSIBILITIES

ACCIONA’s Senior Management shall provide the leadership, organization and resources necessary for the effective implementation of this Policy. Managers, Supervisors, Staff, Contractors, Suppliers and interested parties, if appropriate, must adhere to this policy and the entire Environmental Management System for all work related to ACCIONA’s scopes of work, contract or project agreement. ACCIONA’s management and contract or project leadership must identify, understand and implement actions to address risks and opportunities when planning and executing work. The planning and execution of work must align with Corporate Environmental guidance, contractual agreements, standards and best industry practices.

COMMUNICATION AND MAINTENANCE

This Policy shall be available and maintained as documented information. It is communicated, understood and applied to all ACCIONA personnel, subcontractors and suppliers and be available to relevant interested parties, as appropriate.
